

HOW TO BOOK FM PROJECT FOR YOUR EVENT

1 CONTACT US

Fill out the form on our website contact page to let us know some details about your event. From there, we'll check our availability and get back to you with a pricing estimate.

2 COME TO A SHOW

We'll let you know when we have an upcoming performance so you can come by to listen and get a feel for our style so you can decide if it's right for you. We'd also love to meet you at that time!

3 MAKE A DEPOSIT

If you decide you'd like to book us for your event, we will decide on the final details, give you the final price, and ask for a 20% deposit to secure the band for your date. Payment can be made via check, cash, bank transfer, Venmo, or PayPal.

4 PLAN

Take a look at the sample set list available for download on our website. If you have specific songs you'd like played during your event, we can accommodate most requests. Don't worry if you don't know what music you'd like to have – tell us the general vibe of the event and we'll take care of it.

5 FINALIZE

A week or two before the event we'll send you the final details and confirm that we're all on the same page.

6 THE DAY OF

Have someone tell us where to set up, then sit back and enjoy your event! We have everything figured out ahead of time so that there's nothing for you to worry about and everything runs smoothly!
